VALUABLE FARM PROPERTY FOR SALE.

Property is located only about one and one-quarter miles from the city and near school. This is one of the best properties in the vicinity to make money on. Owing to its location, the highest prices are always realized from the produce. The income from the dairy alone exceeds \$2,000.00. With the farm will be sold all the personal property, including stock, tools and produce. There is probably over \$3,000.00 worth of personal property on the place. Good apple orchard, also a large sugar orchard. This property has to be seen to be appreciated and will not remain on the market long at the price we offer it, which is \$7,000.00. ABOUT THE STATE.

Items of Interest Gleaned From Our Exchanges.

The Rev. H. M. Perkins of Boston has been called to the pastorate of the Congregational church at Wolcott.

The Vergennes City band is making arrangements for a minstrel show to be given the early part of December.

The Rev. Edward Sargent, who has been pastor of the Congregational church at Tunbridge, has gone to Halifax, Mass., where he has a position.

The ferry at West Swanton could not make any trips Friday on account of the ice. The ice in Maquam bay is also so thick as to make good skating. The crooks are frozen solid.

A gift of \$200 in memory of the late Mrs. George Willis, has been given to the Old Ladies' Home, Rutland, by her daughter, Mrs. F. W. Gary. The matron of the home, Mrs. Jennie M. Page, has tendered her resignation because of illness.

A special village meeting is called to be held in Northfield, Friday evening, November 15, to see if the village will vote to rebuild and equip the electric light plant, recently burned, or what action it will take regarding the obtaining of electricity and disposing of its own water privileges.

Through the untiring efforts of the pastor of the Methodist Episcopal church at Woodbury, the Rev. Benjamin Wheeler, and also of W. C. Peck, a sum of money has been raised and a new bell purchased for the church. It was put in place last week and rung for the first time Thursday morning in honor of Roosevelt's great victory.

A committee of the Vermont State Association of Washington called on the President Friday to congratulate him on the result of the election, and to present two enormous bells raised in the Green Mountain state. The bells, the committee explained, were "emblematic of the besting Judge Parker received last Tuesday." Each bell was as large as a man's hat.

The Hermitage Sanatorium in Londonderry is reported sold by the owner, Mrs. J. E. Taylor. There are several buildings containing gas, steam, electricity and all conveniences. Connected with the sanatorium is a farm of forty-six acres, with stable and outbuildings, wood, fruit, etc. The price paid is not made public, and the name of the buyer is withheld for the present.

Charles McWayne suffered an injury to one of his eyes at the Norcross & West quarry in Dorset last week where he was employed, by a piece of steel flying from a drill. He immediately consulted a local physician, Dr. F. C. Liddle, and later went to Troy and New York for further treatment. Little encouragement is given that he will recover the sight of the eye. The steel has been removed but the sight not restored.

The Rev. C. O. Gill, late pastor of the Congregational church at Jericho, has been invited to become pastor of the Congregational church at West Lebanon, N. H. A council has been called by the West Lebanon church and society to consider the matter and will meet in the church vestry Tuesday afternoon, November 15, at 4 o'clock. The pastor and one lay delegate from the Congregational churches at Wilder, Hartford and Jericho, and Dartmouth College, Lebanon, and Meriden, N. H., the Rev. Evan Thomas of Essex Junction, the Rev. J. K. Fuller of Windsor, and the Rev. Dr. C. H. Merrill of St. Johnsbury, have also been invited to attend the council.

Newbury Wants Electric Lights. The subject of electric lights seems to occupy the attention of the residents of Newbury village at the present time more than any thing else. Several meetings have been held and the matter of incorporation for this purpose is being considered as the first thing to be done. It is evident that a large majority of the people are in favor of more light on the street and in their homes.

GRETN A GREEN IN BELFRY. Pastor's Attachment to His Apartments in Chicago Church Tower.

A Gretna Green at the pinnacle of a "vertical flat," with roof garden attachment for lovers, balmy breezes and perpetual moonlight, will be henceforth operated in the belfry and other towers of the tower of the First Congregational church of South Chicago by the pastor, the Rev. George A. Bird, says the Chicago Inter Ocean.

Since the recent secret wedding there of eighteen-year-old Lydia Nushbaum to Robert Gray has shown how a bridal couple can elude even the most vigilant eyes and old shoe throwers the preacher has determined to make the most of his peculiar abode and will use it as the headquarters for those who seek to initiate that happy couple.

"I built this church tower for many reasons," said the Rev. Mr. Bird the other night to a visitor. "I believe in making things attractive for those who contemplate marriage. I have noticed that church towers are usually useless and chiefly occupied by dust, owls and rats. That is not in keeping with my ideas. I built this as a memorial to my departed wife. I have it arranged like a flat. The only difference is that one room is above the other instead of being horizontally arranged. It is a 'vertical flat'."

"Marriages are made in heaven, they say, and this is as close to it as we can get until Santos-Dumont perfects safe airships."

"No, there is nothing irregular about a marriage in a steeple. Why should there be? It is part and parcel of the sacred structure. The two staircases are handy. The couples can come up on one side single and go down on the other side married. Thus there is no confusion or unnecessary spilling of rice."

The Rev. Mr. Bird has installed a telephone, and when the weather permits the roof garden will be in full operation.

TO KILL THE DANDRUFF GERM.

Is the Only Possible Way of Having An Effective Cure.

If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness, can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, and you remove the effect." Sold by leading druggists. Send 20c in stamps for sample to The Herpicide Co., Detroit, Mich.

COLLEGE AND SCHOOL.

Vassar college, through Professor Braeg, has received from the minister of public instruction at Paris 160 volumes concerning French history and art.

Dean Thomas Holgate, the new president of the Northwestern university, elected to succeed President James, has been connected with the university for eleven years.

By the will of the late Levi Clinton Viets of Hartford, Conn., the bulk of his fortune goes to the scientific department at Yale. The income will amount to \$50,000 annually, which will be used for the furtherance of the physical, mathematical and natural sciences.

The building of a skyscraper school, with accommodations for 7,500 to 8,000 pupils, will be begun on the lower east side, New York, in the course of the next few months. When it is completed it will be not only the first schoolhouse of its type, but also by far the largest elementary public school in existence.

Fertile Eggs.

No Poultryman can be absolutely sure of the fertility of eggs designed for hatching. Strength and vigor of his fowls are the best guarantees he can offer. These qualities are gained only by proper feeding. G. M. Ransom & Co. of Essex Center, Vt., tell of their method of securing fertile eggs: "I have some very choice birds of different breeds and have fed them your food and they are laying fine now. Am sure the eggs will be fertile this spring, as I am feeding 'Page's Perfect Poultry Food'."
